

McKesson Specialty

A special invitation from
**McKesson Specialty Oncology Services
&
MOASC**

OncoEMR™ Web Demonstration

Learn the importance of choosing technology solutions that will grow with your practice. Join us for an online demo of our oncology-specific Web-based electronic medical record, OncoEMR.

**Thursday, July 12, 2007
12:30 PST**

Access the online demo from your office.

See RSVP information below.

About OncoEMR

With a low total cost of ownership, OncoEMR is designed specifically for medical oncology practices with input from leading oncology administrators, physicians and nurses. OncoEMR enhances patient care, increases reimbursement and improves overall practice efficiencies by automating critical areas within a medical oncology practice. Take advantage of this opportunity to see a demo of OncoEMR as part of your search for an EMR solution for your practice.

How to RSVP

To RSVP, send an e-mail with your name and your practice's name to clay.cummings@mckesson.com and type "**MOASC Demo**" in the subject line. You will receive an e-mail confirmation with log-on and dial-in instructions.
