COVID-19 Health & Safety

We follow state and local guidelines and protocols related to COVID-19 safety measures. Due to the high risk for transmission in indoor settings, **attendees will be required to wear a facemask**, regardless of vaccination status. Individuals who fail to comply will not be able to participate. In such a situation, no refunds of registration fees or other venue/travel related expenses will be provided. **We expect all attendees of this educational activity to be fully vaccinated against COVID-19, or agree to take a COVID-test within 48 hours of the start of the event.** All attendees should be prepared to provide evidence of vaccination status, or negative test results, if asked to do so by conference organizers. Upon registration, you will be required to attest to **1)** being fully vaccinated; or **2)** that you will take a COVID-19 test within 48 hours of the event and will only attend the educational activity if results are negative.
