SOUTHERN CALIFORNIA, INC.

Spotlight On Clinical Oncology

Saturday, August 27, 2022

1:00pm to 7:00pm-PDT

This Activity is approved for *AMA PRA Category 1 Credits™*

MOASC in partnership with the UCI Hematology/Oncology Fellowship Program and Faculty have organized, a LIVE learning symposia, which will cover timely updates in clinical practice, research & development, and technology & drug advancements in the field of medical oncology. Oncology experts will discuss innovations in the diagnosis and management of complex oncology issues, including highlights from the Annual ASCO meeting.

Each session will be followed by question and answer sessions to ensure attendees grasp the concepts and new discoveries or treatments presented, along with engaging in professional exchange of ideas.

There will also be Poster Presentations by hematology/oncology fellows and internal medicine residents, followed by a cocktail reception. This will be a great opportunity to learn from experts and network with colleagues.

Target Audience

This educational activity is directed toward medical oncologists, nurses, nurse practitioners, physician assistants and other professionals with an interest in oncology.
