Immunotherapy in the Metastatic Settings in Non-Small Cell Lung Cancer

Lung Cancer Webinar Series

June 29, 2022

6:00pm- PDT

Description:

A lively discussion on Immunotherapy in the Metastatic Settings in Non-Small Cell Lung Cancer. This event is part of our virtual Lung Webinar Series - monthly, 60-minute, educational webinars on updates in clinical practice, research & development, technology & drug advancements in the treatment of Lung Cancer. This will be a great opportunity to learn from key opinion leaders along with engaging in professional exchange of ideas.

Moderator:

Hatim Husain, M.D.

Medical Oncologist
Associate Professor of Medicine
UC San Diego Health

Panelists:

Patrick Forde, M.B.B.Ch.
Co-Director,
Division of Upper Aerodigestive Malignancies,
Associate Professor of Oncology
Johns Hopkins Bayview Medical Center

Jared Weiss, M.D.
Associate Professor of Medicine,
Division of Oncology
UNC School of Medicine

Target Audience:

This educational activity is directed toward medical oncologists, nurses, nurse practitioners, physician assistants, and other professionals with an interest in hematology/oncology.

Benefits of Attending:

- Submit questions and cases for discussion in the field;
- Hear the latest clinical trial data and apply it to your patients; and
- Consider real-world scenarios and how to mitigate barriers to treatment.
